

The Perfect Solution For Saving Set-Up Labor.

Rails shown in stacked position

- Revolutionary Patented **Self-Storing Aisle Rails (SSAR)**[™] Exclusively from the leader in telescopic seating– Interkall
- Aisle Rails are permanently bolted in position and automatically store in the deck, ensuring that the rails are in place at all times for spectator safety.
- This innovative design eliminates the need to individually set up each rail, maximizing labor savings.

Rails open and close – all at the touch of a button!
