Tranquil transitions.

Lenoir was designed to be modular and fluent, with smooth transitions creating sectional-style seating that provides the comfort you desire with quality and durability needed to last a lifetime and more in a high use area.

YOUR SPACE, YOUR SHAPE.

Lenoir was designed to make the idea for your space a reality, accomplished by various shapes and sizes of inner curves, outer curves and straights with full backs or half backs and arm options, with or without power!

CREATE A RETREAT.

In the era of open concept floorplans, even collaborators benefit from a little privacy. Lenoir was designed to help create your own little nooks and alcoves, even in the open.
